

Myology Institute Seminar Series Fall 2018 Schedule

Date	Speaker	Title
August 23	Bruce Damon, Ph.D. Associate Professor of Radiology and Radiological Sciences, Biomedical Engineering, and Molecular Physiology and Biophysics Director of Metabolic Imaging, Vanderbilt University Institute of Imaging Science Vanderbilt University School of Medicine	Quantitative MRI in Inflammatory Muscle Diseases
September 20	Whitney Stoppel, Ph.D. Assistant Professor Department of Chemical Engineering University of Florida	Developing Personalized Biomaterials: An Investigation into Striated Muscle
October 18	David Hammers, Ph.D. Research Assistant Faculty Department of Pharmacology and Therapeutics	A Molecular Motor for Muscle Formation
November 1	Christine Bruels, Ph.D. Post-Doctoral Associate and Madhurima Saha, Ph.D. Biological Scientist III Department of Pediatrics University of Florida	Gene discovery in muscular dystrophy & The effect of MEGF10 on satellite cell function
November 15	Edward Merritt, Ph.D. Assistant Professor, Department of Kinesiology Southwestern University	Traumatic Injury to Skeletal Muscle and Subsequent Regeneration
December 6	Erin Seifert, Ph.D. Assistant Professor, Department of Pathology, Anatomy & Cell Biology Thomas Jefferson University	(Mal)adaptive Responses of Muscle to Primary Mitochondrial Dysfunction
